- Specify *StyleQuest* Cabinet When Ordering (ASQN)
- Specify *Right* or *Left* Drain Pan and Refrigerant
- *5 Cabinet accommodates (1) Horizontal drain pan ONLY (RH or LH)
- **6 - 9D Cabinet accommodates (2) Horizontal drain pans, if desired

- ***For a **Single** Drain Pan, Place a "Q1" before the Cabinet Code
- ***For **Two** Drain Pans, Place a "Q2" before the Cabinet Code
- Specifications May Change Without Notice

SLN Designed for 1.5 to 3 Tons

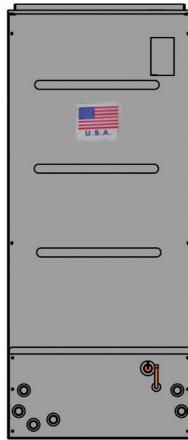

Horizontal Left

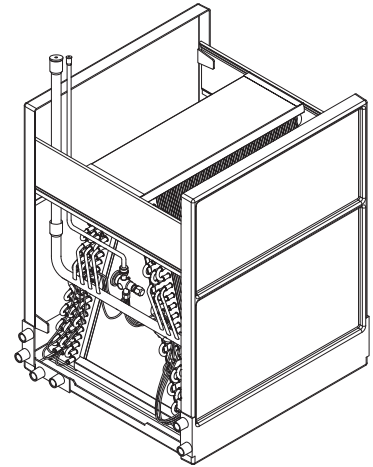

Horizontal Right

A single or multi-family air handler designed to be installed in a vertical, left or right horizontal position. A patent product that has three durable drain pans that allows the unit to be installed left, right, or in the up-flow position, without switching a single drain pan. It's compact design fits through most attic stairways and small closets for an easy installation.

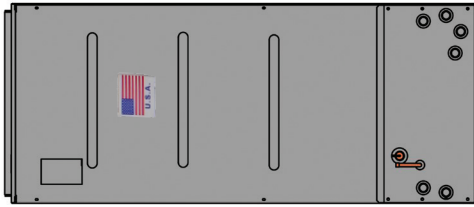

Up-Flow
